

DATE	July 2023 rev1
PRODUCT	HIKVISION TWO-WIRE INTERCOMS
SUBJECT	Mixing Y-Series components with legacy components
DETAIL	Current Hikvision Y-Series two-wire intercoms are not compatible with previous series (which are no longer available). This solution provides a method for expanding existing installations by mixing old and new components.
REMEDY	Add a network switch as a communications bridge between 104-222 KAD706 and 114-656 KAD706Y

EXAMPLE.

Adding a new Y-Series door station to an existing two-wire system.
